

EXCELLENCE IN COMMERCIAL ARCHITECTURE

DESIGN FORUM INTERNATIONAL

Anand Sharma, Goonmeet Singh Chauhan and Anoj Tevatia of Design Forum International

Founded in New Delhi in 1995 by Anand Sharma, Anoj Tevatia and Goonmeet Singh Chauhan, Design Forum International has built a practice rooted in shaping how people experience cities. With a People-First approach at its core, the studio works across architecture and urban design to create spaces that are intuitive, inclusive and deeply connected to their surroundings. With three decades of practice, Design Forum International is recognised for its sustained engagement with the public realm and its contribution to nation-building through thoughtful, future-ready environments. Its portfolio spans residential, retail, workplace, institutional and civic infrastructure projects across India, including landmark works such as Select CityWalk Mall, the ITO Skywalk, Guwahati and Bihta Airports, Trivandrum Railway Station, Vanijya Bhawan, and the New Courts Block at the Delhi High Court.

With over 50 million square feet of built work delivered and master planning projects across 24 Indian states, DFI continues to shape how cities grow, move and engage, supported by a multidisciplinary team of over 150 professionals.
